Achieve More Together

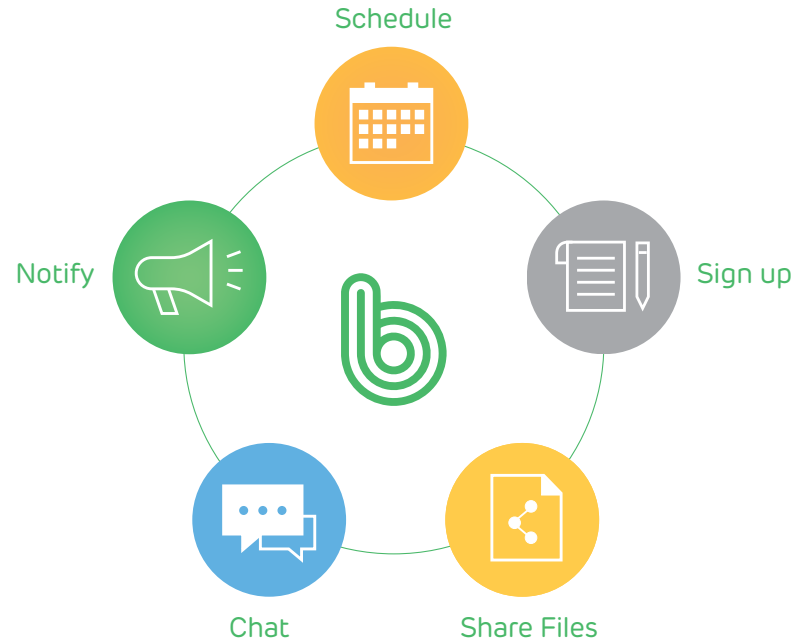

Leaders form groups with people who share similar interests and work together to reach the same goals. In the process, it's crucial to keep everyone on the same page.

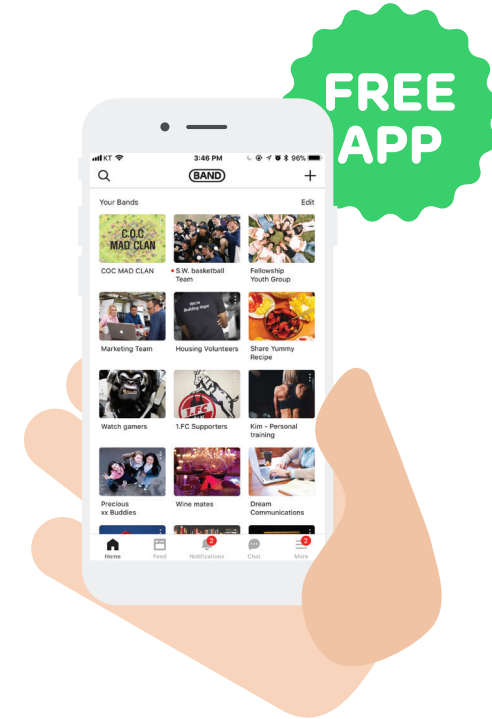

We developed BAND to help groups succeed by facilitating better communication. We listened to leaders from all types of organizations and implemented features to meet their needs.

What is BAND?

BAND is a private & secure app designed to help groups save time and communicate effectively.

WHY **BAND** ?

Why BAND?

Information Stays Organized

BAND is a single app that **integrates everything** a leader needs to stay organized.

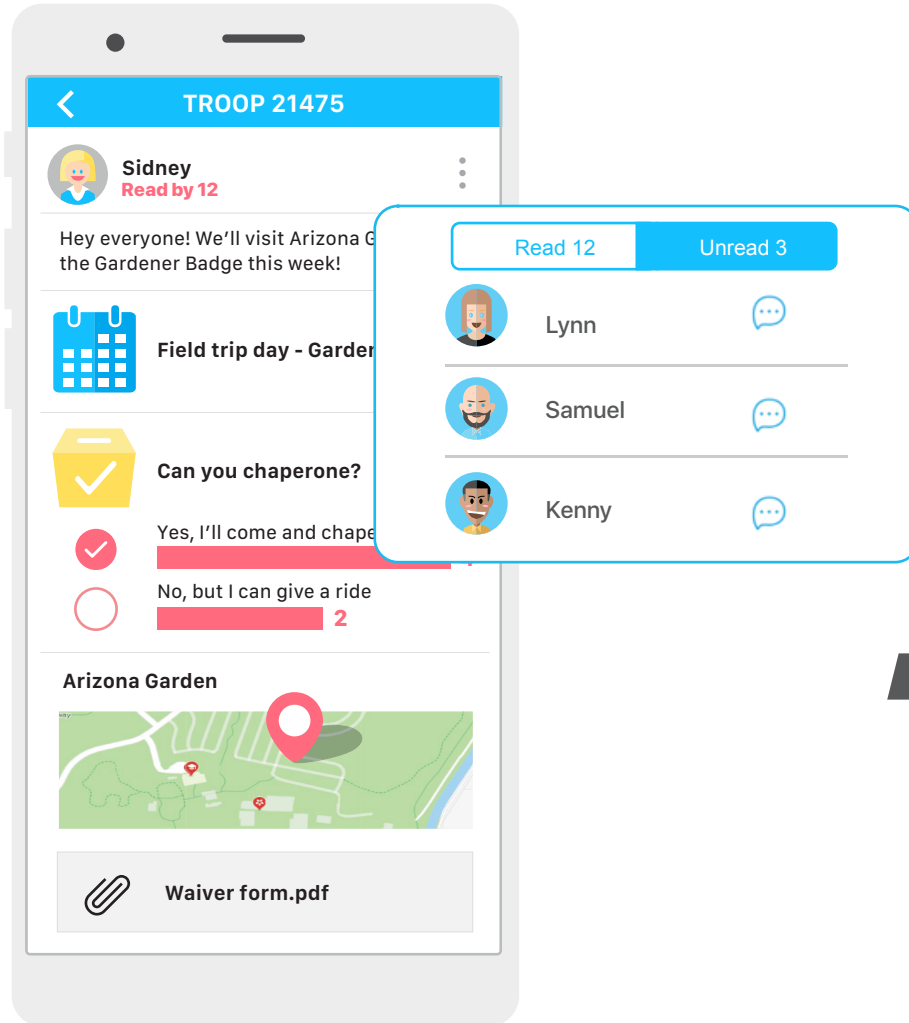

Share photos, videos, maps, RSVPs, signup sheets, and file attachments—all in one post.

“ BAND is our #1 source for communication. It is quick and easy. We make posts to start a thread on a certain topic which is great to keep our communication organized.”

—Kaitlynn Tuckey, Coach of Lapeer Equestrian

Why BAND?

Keeps Members Informed & Accountable

BAND provides a dedicated space for group-related communications. Group members stay better informed because all the information is easily accessible.

BAND helps you hold group members accountable by **showing you exactly who has read your posts.**

“ I can hold the students more accountable since all the information they need is at their finger tips.”

—Catherine Eskandar, Coach of DSJMS Cheer

Why BAND?

Group Communication Goes Both Ways

A dedicated space for your group makes sure that information goes out and comes back the same way. This helps you ditch emails, group messaging, and other channels of communication and gives you more time to focus on more important tasks.

//

BAND makes sure information goes out in one direction and comes back in the same direction."

—David Marshall, Director of SBRHS Marching Band

Why BAND?

Streamlines Your Communication

If your group has multiple subgroups, you can set up a dedicated space for each. You can send out information that's relevant for each group and avoid communication clutter.

We use it for everything such as sign-ups, calendars, and other information. It has streamlined the communication to my team and made my life much easier."

—Randy Zellerbach, Manager at Sprint Retail Store

Why BAND?

Private, Secure, and Safe

Private group communications cannot be seen by anyone from the outside. You decide who you want to invite. This makes BAND a safe place to share and post photos and information with your group.

You no longer need to share your personal contact information with group members. Your members can reach out to you directly on BAND, and your personal life will stay personal.

Unlike Facebook, parents really like BAND because they don't have to worry about sharing photos of their children."

—Valine Combs, Leader of Scout Troop

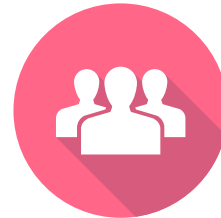

Why BAND?

**BAND
Supports
Groups**

There are many groups in need of financial help. We've decided to lend a helping hand by providing groups with a small gift to show our support.

**Every month, we'll select 20
groups from the BAND community
to receive a redeemable gift**
